

Possible Course Sequences

The following examples of possible course sequences assume students will undertake one course per semester (ie. part-time). If you were to undertake a Program as a full-time student, you could do up to four courses per semester.

Note: The semester of offer may change, depending on the availability of the external Learning facilitator(s).

Graduate Certificate - course sequence examples

Sem.	Sequence A	Sequence B	Sequence C	Sequence D	Sequence E	Other options
1	AGRC7001 Sustainable Rangeland Production Systems and Regions	AGRC7001 Sustainable Rangeland Production Systems and Regions				
2	MGTS7976 Building Effective Stakeholder Engagements	MGTS7976 Building Effective Stakeholder Engagements	AGRC7001 Sustainable Rangeland Production Systems and Regions	AGRC7001 Sustainable Rangeland Production Systems and Regions	AGRC7001 Sustainable Rangeland Production Systems and Regions	
1	AGRC7023 Grazing Land Management		AGRC7023 Grazing Land Management	MGTS7978 Managing Self, Developing and Retaining Others	AGRC7029 Diversification and New Industries	
2	ANIM7017 Animal Nutrition and Behaviour	AGRC7035 Advanced Rangeland Ecology	MGTS7976 Building Effective Stakeholder Engagements	MGTS7976 Building Effective Stakeholder Engagements	MGTS7976 Building Effective Stakeholder Engagements	
1		AGRC7023 Grazing Land Management	MKTG7965 Global and National Trends, Local Scenarios	AGRC7031 Property, Catchment and Regional Planning	LPWM6640 Postgraduate Advanced Topic	

Graduate Diploma - course sequence examples

Sem.	Sequence A	Sequence B	Sequence C	Sequence D	Other options
1	AGRC7001 Sustainable Rangeland Production Systems and Regions		AGRC7001 Sustainable Rangeland Production Systems and Regions		
2	MGTS7976 Building Effective Stakeholder Engagements	AGRC7001 Sustainable Rangeland Production Systems and Regions	MGTS7976 Building Effective Stakeholder Engagements	AGRC7001 Sustainable Rangeland Production Systems and Regions	
1	MKTG7965 Global and National Trends, Local Scenarios	MKTG7965 Global and National Trends, Local Scenarios	MKTG7965 Global and National Trends, Local Scenarios	MKTG7965 Global and National Trends, Local Scenarios	
2	AGRC7035 Advanced Rangeland Ecology	MGTS7976 Building Effective Stakeholder Engagements	ENVM6501 Research, Development and Extension Methodologies	MGTS7976 Building Effective Stakeholder Engagements	
1	AGRC7023 Grazing Land Management	MGTS7978 Managing Self, Developing and Retaining Others	LPWM7617/7618/7619 (#8) Graduate Research Project III	AGRC7030 Reading Country and Natural Resources	
2	AGRC7028 Rangeland Monitoring and Adaptive Management	AGRC7028 Rangeland Monitoring and Adaptive Management	LPWM7617/7618/7619 (#8) Graduate Research Project III (cont.)	AGRC7028 Rangeland Monitoring and Adaptive Management	
1	AGRC7031 Property, Catchment and Regional Planning	AGRC7023 Grazing Land Management	LPWM7617/7618/7619 (#8) Graduate Research Project III (cont.)	STAT7501 Advanced Biometrics 1	
2	ANIM7017 Animal Nutrition and Behaviour	AGRC7027 Rangeland Pests, Weeds and Biosecurity	LPWM7617/7618/7619 (#8) Graduate Research Project III (cont.)	LPWM7613(#4) Graduate Research Project I	
1		LAND7000 Water and Land Resource Management		LPWM7613(#4) Graduate Research Project I (cont.)	

Masters – course sequence options (#24 unit options shown*)

Sem.	Sequence A	Sequence B	Sequence C	Sequence D	Other options
1	AGRC7001 Sustainable Rangeland Production Systems and Regions	AGRC7001 Sustainable Rangeland Production Systems and Regions			
2	MGTS7976 Building Effective Stakeholder Engagements	MGTS7976 Building Effective Stakeholder Engagements	AGRC7001 Sustainable Rangeland Production Systems and Regions	AGRC7001 Sustainable Rangeland Production Systems and Regions	
1	MKTG7965 Global and National Trends, Local Scenarios	MKTG7965 Global and National Trends, Local Scenarios	MKTG7965 Global and National Trends, Local Scenarios	MKTG7965 Global and National Trends, Local Scenarios	
2	AGRC7035 Advanced Rangeland Ecology	AGRC7035 Advanced Rangeland Ecology	MGTS7976 Building Effective Stakeholder Engagements	MGTS7976 Building Effective Stakeholder Engagements	
1	AGRC7023 Grazing Land Management	AGRC7023 Grazing Land Management	AGRC7029 Diversification and New Industries in the Rangelands	AGRC7029 Diversification and New Industries in the Rangelands	
2	AGRC7028 Rangeland Monitoring and Adaptive Management	AGRC7027 Rangeland Pests, Weeds and Biosecurity	AGRC7031 Property, Catchment and Regional Planning	AGRC7031 Property, Catchment and Regional Planning	
1	STAT7501 Advanced Biometrics 1	AGRC7030 Reading Country and Natural Resources	MGTS7978 Managing Self, Developing and Retaining Others	LPWM6640 Postgraduate Advanced topic	
2	ANIM7017 Animal Nutrition and Behaviour	AGRC7028 Rangeland Monitoring and Adaptive Management	ENVM6501 Research, Development and Extension Methodologies	FINM7960 Agribusiness Project Appraisal	
1	LPWM7618 (#8) Graduate Research Project III (cont.)	AGRC7029 Diversification and New Industries in the Rangelands	MGTS7968 Rural Community Development	ENVM6501 Research, Development and Extension	
2	LPWM7618 (#8) Graduate Research Project III (cont.)	ENVM6501 Research, Development and Extension Methodologies	LPWM7613(#4) Graduate Research Project I	LPWM7617 (#8) Graduate Research Project III	
1	LPWM7618 (#8)	LPWM7612 (#4)	LPWM7613(#4)	LPWM7617 (#8)	

	Graduate Research Project III (cont.)	Graduate Research Project I	Graduate Research Project I (cont)	Graduate Research Project III (cont.)	
2	LPWM7618 (#8) Graduate Research Project III (cont.)	LPWM7612 (#4) Graduate Research Project I (cont)	LAWS7960 Legal, Policy and Political Frameworks in the Rangelands	LPWM7617 (#8) Graduate Research Project III (cont.)	
1			LPWM6640 Postgraduate Advanced topic	LPWM7617 (#8) Graduate Research Project III (cont.)	

* For some 16 unit options refer to the Graduate Diploma course sequence examples.
